AUTOCHEK

Autochek - All APIs Automation

End-to-end API automation test results covering all Autochek APIs.
Run: Mar 11, 2026, 11:07 AM - Duration: 30m 22s

1541	852	67	45	577	55.3%
TOTAL	PASSED	FAILED	BROKEN	SKIPPED	PASS RATE

Failed & broken tests (112)

#	Test	Status	Error
1	PutUpdateCar - created_by as empty API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
2	PutUpdateCar - created_by whitespace only API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
3	PutUpdateCar - engine_number too short (1 char) API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
4	PutUpdateCar - is_draft as empty API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
5	PutUpdateCar - is_draft as null API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
6	PutUpdateCar - license_plate as null API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.DetachTyresSpecification.DetachTyresSpecificationNegative	FAILED	The following asserts failed: ?Status Code | Expected: 200, Actual: 409 expected [200] but found [409]
7	SubmitLoanPreferencesNegative - Dealer Discount invalid special chars API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 429 expected [400] but found [429]

#	Test	Status	Error
8	SubmitLoanPreferencesNegative - Desired Loan Currency invalid number API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 429 expected [400] but found [429]
9	SubmitLoanPreferencesNegative - Desired Loan Currency unsupported API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 429 expected [400] but found [429]
10	SubmitLoanPreferencesNegative - Fee Payment Method numeric instead of string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
11	SubmitLoanPreferencesNegative - Fee Payment Method unsupported value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
12	SubmitLoanPreferencesNegative - Include Licence Renewal Fees empty string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
13	SubmitLoanPreferencesNegative - Include Licence Renewal Fees invalid value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
14	SubmitLoanPreferencesNegative - Include Roadworthiness Fees invalid value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
15	SubmitLoanPreferencesNegative - Include Roadworthiness Fees numeric instead of Yes/No API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
16	SubmitLoanPreferencesNegative - Interest Rate above allowed range API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
17	SubmitLoanPreferencesNegative - Interest Rate below allowed range API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
18	SubmitLoanPreferencesNegative - Interest Rate Type empty	FAILED	The following asserts failed:

#	Test	Status	Error
	string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative		?status code | Expected: 400, Actual: 503 expected [400] but found [503]
19	SubmitLoanPreferencesNegative - Interest Rate Type invalid value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
20	SubmitLoanPreferencesNegative - Monthly Payment above max allowed API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 502 expected [400] but found [502]
21	SubmitLoanPreferencesNegative - Monthly Payment invalid string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
22	SubmitLoanPreferencesNegative - Requested Warranty Plan invalid value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
23	SubmitLoanPreferencesNegative - Requested Warranty Plan special characters API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
24	SubmitLoanPreferencesNegative - Residual Percentage invalid string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
25	SubmitLoanPreferencesNegative - Residual Percentage invalid value (out of range) API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
26	SubmitLoanPreferencesNegative - Term invalid text value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
27	SubmitLoanPreferencesNegative - Term not in allowed set API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
28	SubmitLoanPreferencesNegative - Tyre Brand numeric instead of string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]

#	Test	Status	Error
29	SubmitLoanPreferencesNegative - Tyre Brand unsupported value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
30	SubmitLoanPreferencesNegative - Tyre Quantity not in allowed set API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
31	SubmitLoanPreferencesNegative - Upfront Tyres invalid string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
32	SubmitLoanPreferencesNegative - Upfront Tyres numeric instead of boolean API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
33	SubmitLoanPreferencesNegative - Upfront Warranty empty string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
34	SubmitLoanPreferencesNegative - Upfront Warranty invalid value API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 503 expected [400] but found [503]
35	SubmitLoanPreferencesNegative - upfrontTyres array instead of boolean API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 429 expected [400] but found [429]
36	SubmitLoanPreferencesNegative - upfrontTyres object instead of boolean API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	FAILED	The following asserts failed: ?status code | Expected: 400, Actual: 429 expected [400] but found [429]
37	GetLogbookCarDetailsByLoanIdNegative - Send loan_id as empty string API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OriginationService.ResponsePayloadReductionV2APIsNegative	FAILED	The following asserts failed: ?Expected status should match for invalid loan id | Expected: 404, Actual: 500 expected [404] but found [500]
38	GetInspectionRequest - Validate only carTitle field is returned API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
39	GetInspectionRequest - Validate only id and carTitle fields are returned	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]

#	Test	Status	Error
	API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive		
40	GetInspectionRequest - Validate only id field is returned API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
41	GetMake - Verify response returns id, name and excludes imageUrl API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
42	GetMake - Verify response returns name, imageUrl and excludes id API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
43	GetMake - Verify response returns only id field API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
44	GetMake - Verify response returns only id, imageUrl fields (exclude name) API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
45	GetMake - Verify response returns only id, name fields (exclude imageUrl) API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
46	GetMake - Verify response returns only id, name, imageUrl fields API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
47	GetMake - Verify response returns only imageUrl field API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
48	GetMake - Verify response returns only name field API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
49	GetMake - Verify response returns only name, imageUrl fields (exclude id) API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]
50	GetMake - Verify response with all fields in different order API_Regression_Suite / Autochek_API_Automation / autochek	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 403 expected [200] but found [403]

#	Test	Status	Error
	_api_positive.InventoryService.DynamicResponsePositive		
51	GetObds - Validate code and description fields are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
52	GetObds - Validate only code field is returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
53	GetObds - Validate only createdAt field is returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
54	GetObds - Validate only description field is returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
55	GetTrims - Validate all fields except id are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
56	GetTrims - Validate all fields except name are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
57	GetTrims - Validate only id and name fields are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
58	GetTrims - Validate only id and trim fields are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
59	GetTrims - Validate only id, wheelType, and popular fields are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
60	GetTrims - Validate only name are returned API_Regression_Suite / Autochek_API_Automation / autochek _api_positive.InventoryService.DynamicResponsePositive	FAILED	The following asserts failed: ?Status code should match | Expected: 200, Actual: 401 expected [200] but found [401]
61	DeleteSystemConfigs API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Delete failed for ID: null expected [true] but found [false]
62	PostDisableUserV2 - Send valid userId that exists and is currently enabled API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Response code of Post Disabled user should be 200 | Expected: 200, Actual: 500 expected [200] but found [500], ?Assertion failed for Response body should contain 'disabled successfully' expected [true] but found [false]

#	Test	Status	Error
63	PostEnableUserV2 - Send valid existing and disabled userId API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Response code of Post Enable user should be 200 | Expected: 200, Actual: 500 expected [200] but found [500], ?Assertion failed for Response body should contain 'enabled successfully' expected [true] but found [false], ?Enabled user should be able to login again | Expected: 200, Actual: 403 expected [200] but found [403], ?Enabled user's access token should be active/valid | Expected: 200, Actual: 401 expected [200] but found [401], ?Enabled user's refresh token should be active/valid | Expected: 200, Actual: 401 expected [200] but found [401]
64	PostEnableUserV2 - Send valid userId which is already enabled API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Response code of Post Enable user should be 200 | Expected: 200, Actual: 500 expected [200] but found [500], ?Assertion failed for Response body should contain 'enabled successfully' expected [true] but found [false], ?Enabled user should be able to login again | Expected: 200, Actual: 403 expected [200] but found [403], ?Enabled user's access token should be active/valid | Expected: 200, Actual: 401 expected [200] but found [401], ?Enabled user's refresh token should be active/valid | Expected: 200, Actual: 401 expected [200] but found [401]
65	PostLogoutAllAdmin - User sends valid userId API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Response code should be 200 | Expected: 200, Actual: 500 expected [200] but found [500], ?Assertion failed for Response message should contain revoke sessions count expected [true] but found [false]
66	PostRefreshV2 - Send valid refresh token in Authorization header API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Old access token should get expired/invalid | Expected: 401, Actual: 200 expected [401] but found [200]
67	UpdatePasswordShouldLogoutAllSessions API_Regression_Suite / Autochek_API_Automation / autochek_api_positive.UserService.UserServiceV2	FAILED	The following asserts failed: ?Login with old password should not work | Expected: 401, Actual: 200 expected [401] but found [200]

API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetCarListNegative - Validate API fails when using special characters in fields	PASSED	1.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetCarListNegative - Validate API handles when passing blank fields value	PASSED	1.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Exclude all valid fields using - but invalid key	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass comma-separated invalid relations	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass duplicate fields	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass empty string in relations	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass excluded field that doesn't exist	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass excluded field with special char	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass field value inside relations	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass invalid field + relations together	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass invalid structure in relations	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass nested relation not supported	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass non-existing relation	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass numeric in relations	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass numeric value in fields	PASSED	0.8s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass special characters in relations	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass special chars in fields	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass SQL injection-like pattern in fields	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass valid field + excluded valid field together	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass valid field with space + relations together	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Pass whitespace in fields	PASSED	1.1s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when excluding a non-existent field	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when mixing valid and invalid field names	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when mixing valid and invalid relation paths	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing blank fields value	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing completely unknown relation	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing multiple unrelated top-level relations	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing relation path with invalid nesting format	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing relation syntax without parent entity	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when passing special characters as relation value	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when requesting invalid field name	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when requesting invalid relation path	PASSED	0.7s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when requesting multiple invalid fields	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionNegative - Validate API fails when using special characters in fields	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass a mix of valid and invalid fields	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass an invalid field name not present in the response schema	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass boolean instead of string	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass comma without field names	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass duplicate field names	PASSED	1.3s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass field names in wrong casing (case-sensitive scenario)	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass multiple completely invalid fields	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass numeric field names (expect schema validation error)	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass object instead of string	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass special characters as fields	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass SQL injection-like pattern	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Pass whitespace-only value	PASSED	3.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Try comment-based SQL injection	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Try script injection payload	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Try SQL injection style value	PASSED	0.5s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetInspectionRequestNegative - Try SQL UNION based injection	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Exclude all valid fields with minus sign but invalid key	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Mix case sensitivity (upper vs lower)	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass array instead of comma-separated string	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass boolean instead of string	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass completely invalid field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass duplicate field values	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass excluded field that doesn't exist	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass excluded field with special chars	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass field value from unrelated entity	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass numeric value as field	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass object instead of string	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass special characters in field	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Pass SQL injection-like pattern	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Use extremely long random string as field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetMakeNegative - Use semicolon instead of comma for separation	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass array instead of CSV	PASSED	0.6s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass duplicate relation	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass invalid field not in model schema	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass invalid relation name	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass nested field incorrectly format	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass nested field with typo	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass non-existent nested field	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass numeric as field	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass numeric relation	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass object instead of string	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass special chars in fields	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass special chars in relation	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass unrelated entity field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass valid + invalid field together	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Pass valid + invalid relation	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Use extremely long random string	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetModelListNegative - Use wrong delimiter	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Mix valid and invalid fields	PASSED	0.7s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Pass array type	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Pass invalid date-like string in createdAt field	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Pass numeric value instead of string	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Pass special characters	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Pass very long string as field value	PASSED	2.3s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Repeated same field multiple times	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Send invalid fields parameter (non-existent field)	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Special characters with valid field	PASSED	2.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - SQL comment injection	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - SQL injection in fields	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - SQL injection with multiple fields	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Use mixed exclusions and valid fields	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetObdsNegative - Use spaces in field parameter	PASSED	1.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing an invalid field name	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing array-like value	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing boolean as field	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing excessively long string as field	PASSED	0.5s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing JSON object as field value	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing mix of valid and invalid fields	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing null as field	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing numeric value as field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing script injection tag	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing space separated field names	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing special characters as field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing SQL injection using comment style	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing SQL injection using DROP TABLE	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing SQL injection using nested subquery	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing SQL injection using tautology condition	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.InventoryService.DynamicResponseNegative	GetTrimsNegative - Validate response when passing SQL keyword as field	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - HTML tag injection	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - loan_id in base64 encoded format	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - loan_id with only special characters	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - loan_id with valid format plus special characters	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - loan_id with very long string	PASSED	0.7s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - loan_id with very short string	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Script injection (XSS attempt)	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Send loan_id as empty string	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Send loan_id as null	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Send loan_id as numeric only	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Send loan_id as random alphanumeric invalid format	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - Send loan_id as whitespace only	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	AcceptOfferNegative - SQL injection with DROP statement	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetCarDetailsNegative	PASSED	2.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetLoanByIdNegative	PASSED	1.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Attempt SQL injection in country_code	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Attempt SQL injection with comment	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Include URL special chars	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Input contains tab or newline	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Input is all spaces	PASSED	1.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Input with spaces before and after the code	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Pass HTML tags to test input validation	PASSED	0.7s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Pass unsupported special characters	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send an overly long string to test input length limit	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send boolean value	PASSED	1.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send empty string	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send encoded malicious payload	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send null or missing country_code	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Send only numeric value instead of country code	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Use invalid case combination to test validation	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Use only SQL keywords to bypass validation	PASSED	0.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	GetTyreBrandsNegative - Use reserved JS/SQL word	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	LoginWithStaticTokenNegative	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	PostCreateLoanNegative	PASSED	6.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount >100%	PASSED	1.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount 0%	PASSED	8.4s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount blank	PASSED	4.5s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount float	PASSED	4.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount no %	PASSED	1.4s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount null	PASSED	4.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount space	PASSED	0.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount symbol	PASSED	3.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - dealDiscount text	PASSED	4.3s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - Dealer Discount above allowed range	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency blank	PASSED	0.6s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency invalid code	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency lowercase code	PASSED	3.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency mixed invalid	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency null	PASSED	3.9s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency numeric	PASSED	2.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency space only	PASSED	1.1s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency special chars	PASSED	4.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency too long	PASSED	3.2s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - desiredLoanCurrency too short	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution alphanumeric	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution blank	PASSED	4.4s

Suite	Test	Status	Duration
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution decimal value	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution negative number	PASSED	3.1s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution null	PASSED	1.0s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution spaces only	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution special characters	PASSED	0.7s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution text value	PASSED	0.8s
API_Regression_Suite / Autochek_API_Automation / autochek_api_negative.OfferSimulation.OfferSimulationNegative	SubmitLoanPreferencesNegative - equityContribution very large number	PASSED	0.7s
